OBJECTIVE

Experienced banking professional looking to transition to a career in software development.

EDUCATION

Bachelor of Arts in Communication | University of Illinois at Urbana-Champaign

AUGUST 2009 – DECEMBER 2013

Took a number of classes about how technology has impacted the way we communicate with each other both interpersonally and through said technology

LC101 Certificate of Accomplishment | LaunchCode

JANUARY 2018 – JULY 2018

Learned the fundamentals of programming in various different languages and applications, completing a number of projects both simple and complex

EXPERIENCE

ITM Agent | Neighbors Credit Union

OCTOBER 2017 – PRESENT

Assisted members at multiple locations with financial transactions through the Interactive Teller Machine

QA Tester | Joyce Meyer Ministries

OCTOBER 2014 – DECEMBER 2014

Worked as part of the QA team on an Agile project to test the functionality and content of a new website design.

SKILLS

- **Programming:** Java, SQL, HTML, Python
- **Operating Systems:** Windows, MacOS
- **Software:** Spring MVC, Gradle

CURRENT PROJECT

LFP (Looking for Party): An adaptive website that allows users to create an account and find other users near them to get together and play tabletop games with. Users will be able to send messages to other players to get to know each other and eventually schedule play sessions.
